

RETURNS SHOW BURSUM ELECTED  
GOVERNOR OF STATE BY  
REDUCED MAJORITY

Returns Slow in Coming in, Owing to Long Ticket and Remoteness of Many Counties from Means of Communication; Democrats Have Shot Their Bolt in Early Returns and Are Now Resorting to Plain Lies to Delude the People; Vote Yet to Be Reported Is from Republican Strongholds and Comprises More Than Half the Population of the State.

In spite of the extravagant claims of Democratic campaign managers, the situation in New Mexico today as regards the first election of state officers is one of uncertainty.

The counties from which definite returns have been received are those which lie along the railroads and are easily accessible to news centers by telegraph and telephone. These counties show small Democratic gains, but without exception these gains were discounted in the prediction forecast of the Republican Central committee. Beyond those gains, which were anticipated and which are normally Democratic strongholds, nothing definite is known as to the result of the election.

Many officers are to be elected, and the count is necessarily very slow. It must be remembered that more than half of the voting population of the state resides in sections which are remote from railroads and inaccessible to telephone or telegraph communication. It must also be remembered that these sections are the ones which under normal circumstances are overwhelmingly Republican and which can be relied on to return substantial majorities for Mr. Bursum. It must further be remembered that the lead which Mr. McDonald now holds is contained in a vote which is less than a third of the voting population of the state.

Socorro, San Miguel, Valencia, McKinley, Rio Arriba, Mora and Colfax counties, all strong Republican strongholds, have yet to be heard from. Fake reports have been circulated by the Democrats, based on no figures whatever, claiming that these counties have gone Democratic or that they have returned greatly reduced Republican majorities. These reports are lies pure and simple, and have not a shred of foundation in truth or official figures. They are a piece of the ballistics of big majorities for McDonald made by the Journal-Democrat last night less than an hour after the polls had been closed and before it was possible to have counted any votes.

Reliable information received at Republican headquarters indicates that the majorities for Mr. Bursum in the country counties yet to be heard from will wipe away the lead of Mr. McDonald, and that Mr. Bursum is elected governor of New Mexico by a majority approximating 1,500. We do not publish these reports by counties, because as yet no definite returns have been received, and we prefer to wait and give the people facts and figures, rather than to delude them with campaign stories. Republicans are warned, however, that the extravagant claims now being made by the Democratic managers are merely for effect, and in the hope of being able to pull off something new in the way of big Democratic majorities in the counties where so much fraud was perpetrated in the Democratic primaries, in case such majorities are needed to overcome what they realize will be a safe majority for Mr. Bursum.

No Republican convert with the situation has conceded anything. The strong probability is that Holm O. Bursum is elected governor of New Mexico.

(Special Telegram to Evening Herald) Santa Fe, N. M., Nov. 8.—"It has been reported that the Republican state central committee has made concessions concerning the outcome of the election. The Republican state committee concedes nothing." This was the statement made late this afternoon by Herbert Clark, secretary of the committee.

"We have had nothing but estimates and Democratic enthusiasm thus far. The situation in Bernalillo county is a question of counting the ballots, as we are informed there was a great amount of scratching there. The majority in that county will have to be immense to defeat H. O. Bursum. San Miguel county, we are informed here, will alone give over 800 majority for Bursum and the state ticket. The reports that have come in from the leading Republican counties are meager but they give no cause at this time to believe that the Democrats have made inroads among them. We maintain that Bursum will be elected. His majority in the state will be small."

This is the attitude of the secretary and members of the Republican state committee. Mr. Clark declares that Democratic estimates and talk will not do. They have got to show the votes and it is likely that it will be several days before the result with respect to the head of the Republican state ticket is absolutely known.

The first reports to come were merely estimates and they came from Democratic-Progressive strongholds, and sources Santa Fe county where Miguel A. Otero made the fight of his life, went for Bursum and the Republican ticket by nearly 400 majority. Other counties where the Progressive faction made a fight, with the majority for Bursum from present indications.

The Republicans are urged to keep an eye on the Democrats for behind this sudden burst of enthusiasm, there may be a well arranged plot in some of the Democratic strongholds to make up the difference in majority for McDonald. The Republicans claim the election of their state ticket and their normal majority of the legislature. Their candidates for members of supreme court have run ahead of the ticket.

REUNITED NATION  
HONORS MARTYR  
PRESIDENT

Soldiers of the Blue and the Gray Take Part in Exercises At Unveiling of Heroic Bronze Statue of Lincoln.

(By Evening Herald A. P. Leased Wire) Frankfort, Ky., Nov. 8.—While the president of the United States and a large assemblage, including many of those who were the Gray and the Blue, looked on, an heroic bronze statue of Abraham Lincoln was unveiled in the Capitol building here today.

"Proof of a reunited country," said Governor William of Kentucky in accepting the statue on behalf of the state "is made evident in the selection of Henry Waterson, a Confederate soldier, to formally present this image of the great president to the people of his native state. The greatness and the goodness, the nobility and the sweetness of Abraham Lincoln are recognized as earnestly by those who were the Gray as by those who were the Blue."

The addresses of President Taft and Governor Wilson singularly agreed in almost identical declarations that of all figures in national history there is none that is calculated to bridge chasms of sentiment between sections as is Lincoln's.

A. J. BALFOUR REMAINS.  
(By Evening Herald A. P. Leased Wire) London, Nov. 8.—A. J. Balfour has resigned the leadership of the opposition.

RAILROAD ADOPTS  
EXTREME POLICY

Southern Pacific Refuses Water to Striking Shopmen in Desert City of Gila; Much Suffering Result from Order

(By Evening Herald A. P. Leased Wire) Tucson, Arizona, Nov. 8.—Striking railroad shopmen at Gila, Arizona are facing a Southern Pacific order that all water be cut off from their homes and that they be forbidden to get drinking water from water cars, according to telegrams from W. E. Stewart, a union labor officer there, to the Tucson branch of the federation of shopmen.

According to the telegram the order has gone into effect, causing a serious problem for the strikers to solve as Gila is situated on the desert and the only two wells there are owned by the railroad and produce water unfit for domestic use.

It is said that the railroad for 20 years has followed the custom of carrying water to Gila and allowing the residents there the free use of it.

## STREET SCENE—LOS GRIEGOS.

The Way Yesterday's Elections Were Conducted in All the County Precincts.

GINNING REPORT IS  
RECEIVED WITHOUT  
MUCH EFFECT

Market Had Anticipated Record Breaking Crop and Did Not Fluctuate Visibly; General Weakness Observable.

(By Evening Herald A. P. Leased Wire) New York, N. Y., Nov. 8.—Irregularity prevailed in the stock market this morning. Movements were hesitating and contradictory, but in spite of large gains by inactive industrialists, the market as a whole developed pronounced weakness. Heavy selling of the speculative leaders depressed prices of these issues and the market seemed to possess little rallying power.

The cotton ginning report was without effect, although it established a new record. Market observers regarded the movement of stocks as natural in view of the recent extended advance and the reductions of the short interest. Selling pressure relaxed during the second hour. Prices, however, showed little inclination to harden, speculation becoming almost stagnant around the new low levels and the professional stopped selling.

A few stocks showed independent strength, but their movement was ignored by the general market. Rock Island stocks advanced to 1 1/2 on rather active dealing. Bonds were steady.

The market developed a gradually firmer tone, but grew dull on the rally. The monthly figures of the copper producers showing a decrease in stocks on hand of nearly six million pounds and a large increase in foreign and domestic demand, helped the copper group. Prices sought a lower level and the lowest figures were current at 2 o'clock. United States Steel and Reading were down 1 1/2, Union Pacific 1 1/2 and some other stocks a point or more.

TOBACCO TRUST  
MUST DISSOLVE  
IS DECISION

United States Circuit Court Hands Down Its Approval of Plan to Cut Up Big Combine Into Its Component Parts.

(By Evening Herald A. P. Leased Wire) New York, N. Y., Nov. 8.—The United States circuit court handed down a decision here today approving the plan of dissolution of the American Tobacco company with modifications. The court in its decision says provision should be made in carrying out the plan for keeping intact the books and records of the American Tobacco company and its present constituents and branches so that they shall be available and subject to legislation to the same extent as at present, in suits for accounting and other existing litigation.

Judge Cox, in his opinion, says: "I approve the proposed plan not because I think it is perfect but because I think it is the best plan obtainable." Judge Lacombe says in his opinion that the twenty-nine individual defendants in this suit shall not increase their control over any of the corporations now in the combination for three years. He also says the court has no power to grant the request that the United Cigar Stores company stock be sold and distributed.

NANKING BESIEGED  
BY REBEL TROOPS  
IN FIERCEST  
BATTLE YET

Manchu Soldiers Behind Impregnable Intrenchments Receive Spirited Attack of Revolutionists.

(By Evening Herald A. P. Leased Wire) Shanghai, Nov. 8.—Fighting at Nanking began at 9 o'clock this morning. The Manchus are strongly entrenched on Purple hill, which commands the city, and unless they grow disheartened and voluntarily surrender, their position is believed to be impregnable.

The military government today issued a proclamation calling on all to join in the life and death struggle and exhorting the population of the lower provinces to refrain from disorders and to regard the rights of foreigners. The proclamation further promises the abolition of many taxes hitherto imposed by "the five millions of the Nomadic tribe which 200 years ago was supported by liver and brain of 400,000,000 descendants of Han."

Le Fu has requested the presence of an American warship and Rear-Admiral Murdoch, commander of the American Asiatic squadron who is here, probably will comply.

The situation at Peking, the news of which is being widely circulated has created a strong impression among the reformers.

A wireless message from the German vessel Hankow reports that the imperialists there are losing heart.

Tai-Chow, 75 miles southwest of Ning Po, surrendered to the revolutionists today without resistance.

Reports Are Confirmed.  
San Francisco, Nov. 8.—Dispatches received here by the Chinese newspapers today confirm the news of a battle in Nanking. A cablegram to the Chinese Press says the Imperial troops in the Kiang Su province, of which Nanking is the capital, are deserting to the revolutionists.

Another dispatch to the same paper reports the mutiny of the Eighty-eighth regiment of the Imperial troops stationed at Macao in the Quang Tung province, and also of the ninety-ninth regiment in the same province.

The Young China, a Chinese daily paper, received information by cable that Chang Ming Chi, victory of the Quang Tung province and General Louis Choe Kwong, until recently an Imperial commander in Canton, had allied themselves with the Republic and had assumed charge of all the revolutionary military operations in the province.

GOVERNOR HARMON  
FORECASTS BIG  
VICTORY

Prospective Candidate of Democrats Is Pleased With Yesterday's Elections and Prognosticates Future.

(By Evening Herald A. P. Leased Wire) Columbus, O., Nov. 8.—Basing his opinion on the results in Massachusetts, Kentucky and Ohio and other points where Democratic candidates were elected yesterday, Governor Judson Harmon today predicted a national Democratic landslide next year.

"The results of these elections have pleased me very much," he said, "and I consider them a forecast of what is to come next year. It is the strongest endorsement of Democracy that has been rendered by voters in recent years."

When asked regarding the Cincinnati result, Mr. Harmon said: "Personally nothing could have pleased me better. I have fought for twenty-five years to free Cincinnati from the sway of Republicanism, and am delighted to find that the voters have awakened."

"Signs of victory for the Democratic party are evident everywhere. Next year I predict that this party will win the national officers including the presidency."

EXAMINATION OF  
TALESMEN STILL  
DRAGS ON

Two Men Excused from Duty and Nine Are Drafted in for Examination; Iron Workers Must File Briefs.

(By Evening Herald A. P. Leased Wire) Los Angeles, Calif., Nov. 8.—Five final jurors were sworn today in the McNamara trial, but two men were soon excused. The three remaining are: Robert Bain, carpenter; Byron Liek, mill owner; F. D. Green, grocer.

Talesman William F. Clark was excused for ill health and Sam Mendelsohn, whose father died recently, was excused upon showing to the court that his mother, now ill, probably would not survive his service on this jury.

Nine more men were drafted into the jury box and their examination was undertaken by attorneys for James H. McNamara, the defendant.

Most Slow Cases.  
Indianapolis, Ind., Nov. 8.—Twenty days were granted today by the Indiana supreme court for the filing of briefs in the appeal of the International Association of Bridge and Structural Iron Workers from an order of Judge J. T. Markey of the criminal court of this county, turning over to the federal grand jury certain books of the association.

INTIMIDATION/REPUBLICANS  
AND BRIBERY VICTORIOUS  
WIN FOR IN MANY  
HYBRIDS STATES

Deputy Sheriffs Bully Voters in Country Precincts While a Fat Roll Saves the Day in the City.

FIELD DAY FOR  
"GOOD GOVERNMENT"  
Honest Vote Was Largely in Favor of Republican Ticket, But Was Helpless Against Romero Methods.

Never in the history of political campaigns in Bernalillo county has there been witnessed a more shameful exhibition of fraud, bribery, intimidation and corruption than was given at the election yesterday in the city of Albuquerque and the outlying precincts by the forces of W. H. Gillenwater, Jesus Romero and the Democratic tall to their political kite.

Never in the palmy days of Tweed and Croker were more frankly brutal methods employed to force voters to cast their ballots "right." Never did those high lights of Tammany Hall pool off yellow boys from their rolls more cheerfully to buy an election.

All this, remember, was done in the name of "good government." In the outlying precincts, to which Don Jesus Romero has long boasted that he holds title deeds in fee simple, absolute, there were signs early in the day that his ownership would be contested, and election of the big chief seemed imminent. Was Don Jesus daunted? Not a doubt. By the simple process of rushing a squad of deputies to each of the polling places which did not present a satisfactory appearance, and arresting every man who looked doubtful, holding him until sufficient guaranty was given that he was for "good government" and would swallow the entire dose in a most progressive manner and with the pleasantest expression possible, the "honest" sheriff managed to retain his title.

As Los Griegos it was only found necessary to arrest three inoffensive citizens for the outrageous offense of intending to vote against the chief, as others who had formed the same intention quickly took the hint and changed their minds. In Bernalillo it was deemed best to administer the dose in alphabetical quantities, and 34 offenders were apprehended by the watchful deputies. These men, of course, were released immediately upon giving satisfactory assurance that they had altered their political beliefs.

Frequently it was not found necessary to adopt such drastic measures. The chief had a roll of no mean proportions, made up of bills of very sizeable denominations. There were those among the citizens of the precincts in question who bent the deputies to it and didn't have to be arrested. They had their reward and there are undoubted evidences of prosperity today in many of the country precincts in Bernalillo county.

Twice bribery and intimidation, the forces of "good government" managed to annex a comfortable vote in the country precincts of Bernalillo county, which otherwise would have returned large majorities for the straight Republican ticket.

But all the honors of the day do not belong to the "fearless and efficient" sheriff. Boss Gillenwater had his end of the pole to carry in the down town precincts in order to put the scheme over and he carried it in a most brilliant fashion. The early vote in the city of Albuquerque was heavily Republican, and had the count been made at noon the straight Republican majority in the city would have been at least three to one.

It was at this juncture that the boss got busy and sounded the bugle call. Summoning his most trusted henchmen he had them fare forth into the highways and by-laws and bring 'em in. Every patriot with a price was rounded up and led to the Gillenwater headquarters, which, by an odd coincidence, were located next door to the polling place of Division No. 1, Precinct No. 2, on West Gold avenue, and which in a very short time began to present a most animated scene.

Money? Millions of it and only one string tied to it. That string took the form of a ballot with the screaming eagle at its head. All that was necessary to annex one of the yellow boys was to take the ballot with the screaming eagle, march next door to the polling place and vote it straight. Of course, one of the scouts went along to see that no scratches were made and that the ballot with the screaming eagle at the top was duly and illegally deposited in the box. That done, the string tied to the yellow boy was unloosed and the patriot went on his way rejoicing.

The situation was so desperate that the scouts threw caution to the winds and paced the word freely.

Tammany Beaten in Two Boroughs and New York and New Jersey Will Have Republican Legislatures.

REPUBLICAN GOVERNOR  
ELECTED IN MARYLAND

Labor Union Party Wins in San Francisco Against Non-Partisans; Democrats Make Gains in Many Localities.

Election returns from various states today clear up some of the uncertainty apparent in the last reports of last night.

Massachusetts.  
In Massachusetts Governor Eugene S. Pess, Democrat, will be head of the state for another year, but he will, as in the past be surrounded by Republican state officials.

Maryland.  
In Maryland the returns are coming in slowly. At 9 o'clock the election of Philippe Lee Goldsborough, Republican, as governor, was apparent.

Kentucky.  
There were reversals from the Republican to the Democratic party in Kentucky and Ohio. In the former state majorities were given to practically all the Democratic candidates, and James Bennett McCreary was elected governor by over 30,000. The state legislature will have a Democratic majority of probably 82, sufficient to secure the election to the United States senate of Congressman Ollie James.

Ohio.  
Municipal elections in Ohio resulted in the election of George J. Warb, as mayor of Columbus. Democratic mayors in Cincinnati and Cleveland also were elected.

New York and New Jersey.  
Two states, New York and New Jersey, repudiated Democratic assemblies with Republican, New York elected an assembly that will have a Republican majority greater than the present Democratic majority in the lower branch of the legislature. The Republicans will hold the assembly by upwards of 50, as against the present Democratic majority of 24. In New York City the Republicans generally speaking, had the best of it. Tammany retained its grip on Manhattan and the Bronx but it lost Brooklyn and the control of the board of aldermen.

In New Jersey, which has a Democratic assembly and a Republican senate, the Republicans will have control of both houses.

Other States.  
A Democratic governor and state officers were elected in Mississippi and in Rhode Island. Governor chosen in Rhode Island, Governor Potter defeating Louis A. Waterman, Democrat.

San Francisco.  
San Francisco, Cal., Nov. 8.—Final returns from the municipal election held here yesterday show that Charles M. Fickert, incumbent who successfully opposed Francis J. Henney for the office of district attorney two years ago, was elected over Ralph M. Rathbun by a vote of 25,072 to 23,457. Fickert was supported by union labor and opposed by the non-partisan municipal conference which endorsed Hathorne, Frederick Eagers defeated Thomas Finn for sheriff 35,152 to 32,728. Sixteen out of the 18 supervisors elected were endorsed by the municipal conference, which supported the candidacy for mayor of James M. Rolph, elected over Mayor P. H. McCarthy at the recent primary.

Washington.  
Everett, Washington, Nov. 8.—Rev. R. H. Hassel, Republican, was elected mayor yesterday by a plurality of 208. He favored rigid enforcement of the prohibition law and received a majority of the women's vote. The Socialist councilmen were elected.

Utah.  
Salt Lake, Utah, Nov. 8.—While yesterday's municipal elections in many Utah cities and towns were fought on purely local issues, the results received today indicate wide gains by both Democrats and Socialists.

The Socialist gains were made largely in the mining camps, Bueras, Murray, Mammoth, and Stockton. They also gained councilmen in several other towns including Bingham. The towns in which the Normal Republican majority were maintained include Glen, Brigham City, Springville, Lehigh, Ephraim and Spanish Fork.

The Democrats elected their tickets in Logan, Keyville, Price, Beaver, Coalville, Mount Pleasant, Grantsville, Payson, Park City and Heber. In the smaller towns, the Democrats
